

Bespoke Design: Our Process

Bespoke commissions and projects require a thorough brief and an exceptional level of care and understanding from a design perspective. Below is what you can expect from our experienced team of experts at William Sugg & Co. Ltd.

STAGE 01

Initial consultation to understand the design brief.

STAGE 02

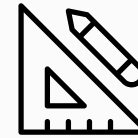

Preliminary sketches/CAD modelling for discussion and development.

STAGE 03

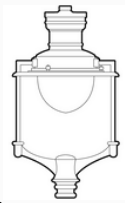

Preparation of budget and costings.

STAGE 04

Full drawing approval and 3D prints (if required) for sign off.

STAGE 05

Manufacturing process starts.

World leaders in heritage lighting. A tradition with technology.
