

HYDE PARK GLOBE

The Hyde Park Globe is a traditional, heritage, cast globe with clear glazing. The globe is fitted with an extended ogee with a highly decorative cast crown. The combination of the globe and the crown forms a truly exceptional and handsome heritage globe.

This beautiful Hyde Park Globe is manufactured in aluminium or bronze with an aluminium frame and spigot base, copper finial and ogee set.

As its name suggests, the Hyde Park Globe is seen in all its glory in and around Hyde Park. This lantern takes its name from the location for which it was originally designed. It is often placed within prestigious parks and gardens and green inner-city areas known for their beauty; both in the UK and overseas.

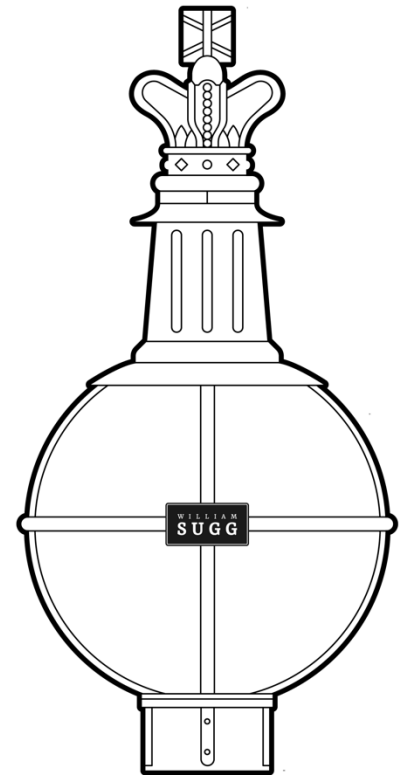

Features

- Available in one size - **18"** (450mm). *Please note all sizes are approximate and subject to minor change.*
- **Light sources:** High performance (LED COB, LED mantles). Conventional lamps with a range of optical distributions to meet varied applications are also available.
- **Lantern construction:**
 - IP54.
 - Supplied with a door for ease of maintenance.
 - Cast aluminium frame and spigot base with copper finial and ogee set.
- **Glazing:** Polycarbonate or glass and available in various finishes including, clear, opal and etched.
- **Finish variations:** Durable and long-lasting polyester powder paint finishes in a full range of RAL colours. Supplied in Black RAL 0995 as standard. Specialist finishes, including marine grade, are available on request.
- Single and two-part electronic photocells are available upon request.

Mounting options

- **Cast base:** A solid, cast aluminium four point fixing, powder coated and suitable for a column or bracket with a 76mm spigot.
- Side mounting available for wall mounting where the base casting is removed to offer a different styling.

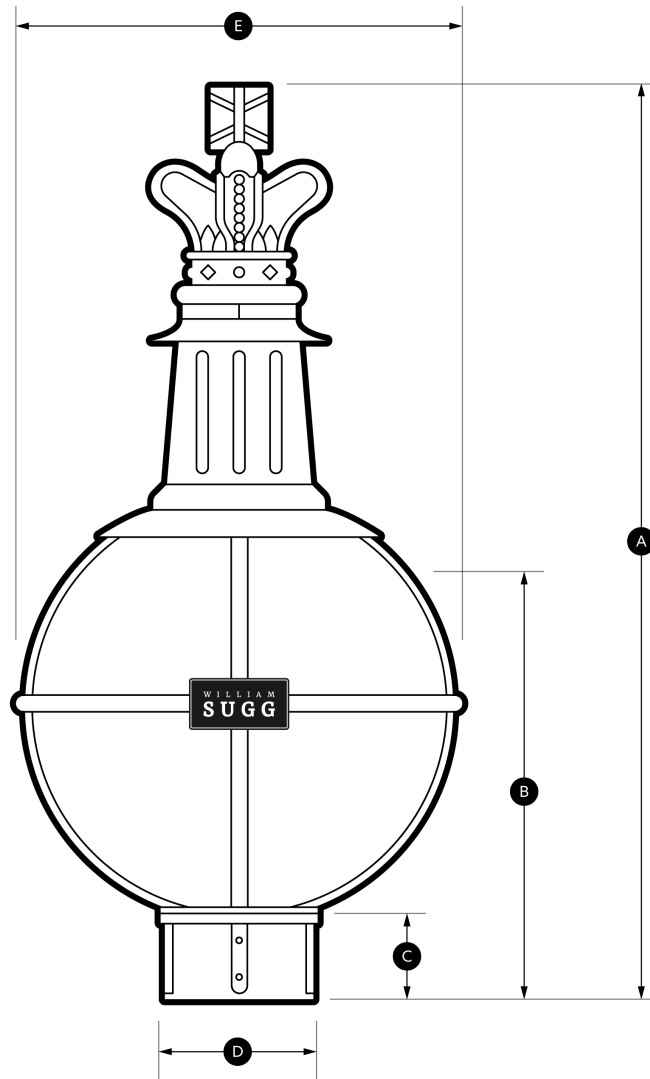

Further technical information available on request.
